120 Broadway,  
New York City,

Dear Tim:-

Pursuant to telephone request from your office we have had an examination made of the Trenton newspaper stories published during December 1912 and January 1913 in reference to the killing of Luella Marshall. The examination discloses no reference to Mrs. Gibson - then Mrs. Eastman.

Perhaps you will be interested to know that there is a story being passed around here to the effect that this woman made a statement in the Marshall case to detective Clancy of this city and that later she was summoned by him and told that he had mislaid the statement and wanted her to give him another, whereupon she made a second statement which did not agree with the first one. There may be nothing in this story which you have not already heard and at any rate you understand that it is nothing more than gossip heard in one of the clubs. But the question arises in our minds as to whether you think detective Clancy or the Prosecutors office here should be approached with a view to running this story down and attempting to locate the statements if any exist.

Sincerely yours,

*Kenneth H. Lanning*
